

### Final Report on Recruitment PNHS

---

---

#### Publishable Summary

This quarterly report provides an overview of the project progress within the AMYPAD Prognostic and Natural History Study (WP4), with a focus on the period from July to September 2022. In Q 3 2022, no recruitment and scanning occurred as we passed the last patient in (LPI) and last patient out (LPO) date on the 30th of April and 30th of June respectively. Therefore, the numbers from Q2 2022 were final and AMYPAD PNHS has 1321 participants that consented of which 1192 have received a baseline PET scan and 227 a FU PET scan within AMYPAD PNHS.
